

CEQA & MMRP compliance for California's *utility-scale* renewable energy projects.

Aurelia Build Group is a women-owned environmental compliance firm. Our leadership comes from the field on some of the largest solar-plus-storage programs in North America. We enter before the award, carry the compliance and coordination weight, and hand back a project that closes out clean.

— WOMEN-OWNED SMALL BUSINESS — SERVING ALL OF CALIFORNIA — SOLAR · BESS · INFRASTRUCTURE

3.4 GW
SOLAR GENERATION

19 GWh
BATTERY STORAGE

18,000+
ACRES

MAJOR PROGRAMS

Combined scale of the utility-scale programs supported by Aurelia leadership, based on published project figures.

CORE COMPETENCIES

WHAT WE DELIVER

- **MMRP Implementation**
Compliance tracking matrices, timing triggers, owners and evidence for every measure
- **Western Joshua Tree**
WJTCA census, avoidance, ITP compliance and relocation programs
- **Construction QA/QC Oversight**
Field verification, inspections and daily reporting
- **Compliance Reporting**
Daily logs, periodic reports, photo documentation
- **Document Control**
Audit-ready project records and MMRP binders
- **Pre-Construction Clearances**
"Prior to grading permit" items driven to closure before NTP
- **WEAP & Monitoring**
Worker training, sign-in control and monitor coordination
- **Agency Submittals**
Plan submittals, submittal logs and agency coordination
- **Permitting Support**
Water well, grading and state permit coordination
- **Close-Out Packages**
Proof that every commitment was met

WHO WE SERVE

Solar developers, EPC partners, utility owners, municipalities, BESS operators and the environmental consultants who prepare their EIRs.

DIFFERENTIATORS

WHY AURELIA

- 01 **Utility-scale field experience**
Leadership has worked on programs up to 1,400 MW and 8 GWh.
- 02 **Engaged before the award**
We find the permit gates early, so they don't hold up NTP.
- 03 **If it's not documented, it didn't happen**
Records built to hold up under audit, inspection and dispute.
- 04 **Bad news travels at the speed of good news**
Clients see progress, risks and realities early.
- 05 **Structured, statewide**
Certified WOSB supporting projects across California.

Excellence is the floor we start from, not the ceiling we reach for.

Experience of Aurelia's leadership on utility-scale solar-plus-storage and Western Joshua Tree programs in Kern County and Los Angeles County. Project and client names are withheld.

KERN COUNTY, CA · SOLAR + STORAGE

UTILITY-SCALE SOLAR + STORAGE PROGRAM

807 MW
SOLAR

3.3 GWh
STORAGE

4,600
ACRES

SCOPE Construction management support, QA/QC field verification and compliance documentation.

KERN COUNTY, CA · SOLAR + STORAGE

UTILITY-SCALE SOLAR + STORAGE PROGRAM

600 MW
SOLAR

4 GWh
STORAGE

2,320
ACRES

SCOPE MMRP compliance support, Western Joshua Tree ITP compliance and QA/QC reporting.

KERN COUNTY, CA · SOLAR + STORAGE

UTILITY-SCALE SOLAR + STORAGE PROGRAM

1,400 MW
SOLAR

8 GWh
STORAGE

7,700
ACRES

SCOPE Built the environmental compliance tracking system: MMRP binder, mitigation tracking matrices, an aesthetics mitigation matrix and agency submittal process guides.

KERN COUNTY, CA · SOLAR + STORAGE

UTILITY-SCALE SOLAR + STORAGE PROGRAM

600 MW
SOLAR

4 GWh
STORAGE

3,400
ACRES

SCOPE Pre-construction compliance planning, project coordination and document control.

LOS ANGELES COUNTY, CA · WESTERN JOSHUA TREE

WESTERN JOSHUA TREE RELOCATION PROGRAM

5,000–10,000
TREES (EST.)

WJTCA
FRAMEWORK

Well
PERMITTING

SCOPE Permitting and compliance coordination across the owner, engineering firms and pump contractors, through to engineering sign-off.

COMPANY DATA

LEGAL NAME Aurelia Build Group, LLC

CLASSIFICATION Women-Owned Small Business (WOSB)

SERVICE AREA Statewide, California

NAICS 541620 Environmental Consulting Services · 541690 Other Scientific & Technical Consulting · 541611 Administrative Management Consulting

PROJECT TYPES Utility-scale solar, battery energy storage (BESS), transmission & infrastructure
